Zeeland MI 49464

OBJECTIVE

An experienced member of a mortgage team looking to switch career fields to programming. My strengths in leadership and attention to detail would be beneficial to future roles in the tech field.

SKILLS

- HTML/CSS
- Javascript
- Nodejs
- Express
- MongoDB
- MongoAtlas
- Bootstrap
- React.js
- Version Control (Git/Github)
- Visual Studio
- Visual Studio Code

EXPERIENCE

- Front-end web development using vanilla HTML/CSS/Javascript
- Back-end development/REST API integration using Nodejs and Express
- Built and run a home server running on a Linux-based OS that utilizes a Docker management system
